

ANKARA UNIVERSITY
Department of Energy Engineering
ENE 205 – Material and Energy Balances
Instructor: Dr. Işık Semerci

HW-2 (Due 20/10/2017)

- 1- Solve the problems: **2.26, 3.27, 3.31, 3.43, 3.47, 3.48** from the book, Richard M. Felder, Ronald W. Rousseau, Elementary Principles of Chemical Processes, 3rd Edition. **Please** show **each step of your solution** for credit. Clearly **indicate** your final answer. **Do not** submit your answers without their corresponding **units**. Unitless quantities will lower your credit.
